Re: Freedom of Information Act (FOIA) Request Number 10-RIN-761-88

Dear Ms. Scott:

This is in response to your August 17, 1988, request for information relating to the Pasco Landfill in Franklin County, Washington.

For information pertaining to items (a) through (d) in your request, see attachments labeled (a) through (d).

Item (e) EPA has not contacted any person pursuant to Section 104(e) of CERCLA.

Item (f) EPA has not named any PRPs at the site.

Item (g) A RI/FS has not been initiated.

Item (h) A ROD has not been issued.

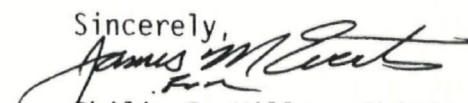

Item (i) We have no information in our files pertaining to remedial activities planned for the site.

Please note that because EPA Region 10 does not have sufficient resources to address all sites on the NPL in Washington state, we have divided up the NPL sites between our counterparts at the state level, the Washington Department of Ecology (Ecology) and EPA Region 10. As the Pasco Landfill has been designated a state lead site, I suggest that you contact Ecology to see if they have additional information pursuant to items (e) through (i). The Ecology contact is Pete Kmet at (206) 438-3039.

The cost of providing this information is \$11.65 (11 pages duplicated at .15¢ per page and one-half hour search time at \$20.00 per hour) but the fee is being waived.

This concludes the Environmental Protection Agency Region 10 response to FOIA Request Number 10-RIN-761-88.

Sincerely,

  
Philip G. Millam, Chief  
Superfund Branch
